Socio-Economic Set Aside Solutions

AIS has the ability to offer the following socio-economic set aside solutions:

8(a) | 8(m) | EDWOSB | HUBZone | WOSB | WOB | SDVOSB | Small Business | VOSB | And More

Recently Completed Projects

Sheppard Air Force Base

Project: 142 Matrix and Calibrate workstations
The new "80th Operations Group" sought office furniture with high environmental standards. AIS was selected for this project not only due to the company's emphasis on environmentally sound materials and lean manufacturing, but also our ability to provide a quality product at reasonable pricing.

Ft. Lewis Readiness Center

Project: 200 Matrix workstations
The "Joint Base Lewis-McChord Readiness Center" (JBLM) validates authority for personnel, administrative and medical readiness of JBLM soldiers and civilians, and designates ARNG and USAR soldiers in preparing for mobilization or deployment. AIS was selected as part of a team to complete this project for its professional yet durable product.

U.S. Department Of Wildlife

Project: 300 Matrix workstations
The Southeast Region of the U.S. Fish and Wildlife Service covers 430,000 square miles. The Division of Realty is in the regional office headquarters located in Atlanta, GA, and is responsible for land acquisition and all aspects of realty management on 128 national wildlife refuges and 19 fish hatcheries throughout the Southeast region. AIS's Matrix was selected due to its ability to meet their strict technical specifications, product quality, short leadtimes and affordability.

Centers For Disease Control And Prevention

Project: 600 Matrix workstations
The CDC focuses on infectious diseases worldwide and acts as the single mouthpiece for the U.S. on diseases. The offices located in Hyattsville, MD are a regional headquarters for the agency based in Atlanta, GA. Housing 591 employees, the regional office will span four floors of a 10-story office building. The CDC selected Matrix because of the product's flexibility, power and data management capabilities and the overall aesthetics.

Available Products

Panel-Based Workspaces

AIS can create virtually any office configuration at the right pricepoint with our panel-based systems. Divi, a 2" panel system available in either monolithic or segmented panels, offers a traditional yet professional atmosphere, while Matrix, a 3" frame and tile system, offers rigid structure, more flexible wire management and enhanced aesthetic selections. With the incorporation of our Calibrate laminate storage components, AIS can maximize square footage without sacrificing privacy in the workplace.

Desking and Benching Workspaces

AIS provides collaborative benching with the ability to evolve with any work environment. Oxygen provides exclusive wire management distribution integrated with a structural spine beam that accommodates electrical and data needs, while a wide selection of spine and territory screens provide aesthetic privacy. Additional paperflow accessories and laminate storage elements optimize each workspace to meet the requirements of today's workforce.

Private Office Workspaces

Calibrate Series Caseworks combines elegance and function in a comprehensive package suitable for the executive workplace. From private offices and conference rooms to reception stations, Calibrate offers a multitude of components that exude efficiency and professionalism with various price points to suit any customer's preferences.

Tables and Conferencing

Day to Day: With over 6,500 design combinations, Day-to-Day Tables aren't just any table. They're every table. Formal, informal, training, café, height adjustable, occasional—whatever you need. From Monday meetings to Friday deadlines, Day-to-Day Tables deliver choice, value, and flexibility you can count on daily.

Calibrate Conferencing is current. It's contemporary. It's created for productive meetings, where people are connected to their technology and each other. Design choices include a variety of sizes, shapes, edge details, and bases. Power and data options optimize convenience. Best of all, with more than 20 high-quality laminate options, they coordinate seamlessly with other Calibrate Series products.

Seating

With a comprehensive seating offering, AIS has the ability to furnish any space from the executive office to the conference room. Executive and task seating options offer customizable support and comfort, complemented by an extensive selection of side and stacking seating options ideal for offices, training rooms, or cafeterias.
