*Mirador Standard with Antimicrobial

- Mirador is available on upholstery and vertical surfaces.
- Mirador fabric has been treated with EPA-registered, Microban®, a zinc-based antimicrobial by ZPTech®
- Mirador fabric inhibits the growth of bacteria, fungi, mold, and mildew.
- As treated, Mirador fabric reduces bacterial activity by over 90-99% based on test results on gram positive and gram negative bacteria.
- Mirador fabric is durable, resists mold and mildew, resists odors caused by bacteria.
- This technology is factory applied, durable, and non-migrating, providing hygienic freshness while preventing staining and deterioration.
- Works 24/7: ZPTech® technology is constantly active on the surface of treated products.
