PET SLING STORAGE MADE SIMPLE

PET Slings are the perfect solution for personal storage. Quickly stow bags or personal items while you work. The flexible, light weight material is friendly on knees, won't get in the way of leg space and keeps items within easy reach. PET is a 100% recyclable material with no waste in its manufacturing process, making it an environmentally friendly solution.

Installs in minutes and coordinates with other PET options such as screens and wire managers. PET Slings offer smart, simple storage for today's users who are on the go!

Convenient Personal Storage
