

CALIBRATE® CONFERENCING

Meeting Solutions

AIS

MEETINGS NEVER LOOKED SO GOOD

The consistent look of the Calibrate Series gives every meeting area a shared aesthetic. Between the materials, hardware, power and data, and other elements, Calibrate Conferencing is easy to specify as a collection, or in coordination with other AIS products. It really is a beautiful thing.

PRODUCTIVE AND POWERFUL

Calibrate Conferencing is what happens when super-versatile design is invited to the meeting. With ample power and data options, Calibrate Conferencing supports the use of technology to plan, share, and explore new ideas while keeping the entire team connected.

THE NEWEST MEMBER OF A **GROWING** FAMILY

Calibrate Conferencing joins the larger Calibrate Series in the same spirit of style, affordability, and universal function. If you're looking for a one-stop shop, a collection that can be implemented across the entire office, you've found it.

DESIGN THAT RISES TO THE **C-SUITE**

Calibrate Conferencing respects your bottom line. But that doesn't prevent it from reaching top level form and function. Marry the clean, rectilinear design with more than 20 laminate options — for conference tables, bookcases, buffets, recycle receptacles, and more — and bring the environment to an executive level.

YOU'LL LOVE CALIBRATE, EVEN BEFORE IT ARRIVES

Easy to specify. Quick to order. Calibrate Conferencing makes it incredibly easy to get contemporary designs for your meeting needs — today, tomorrow, and long into the future.

And there's even more tables in our Day-to-Day™ Collection where a variety of metal bases, top shapes, casters, and height options ensure over 6,500 designs are possible!
