

DIGITAL LOCKS FOR CALIBRATE® SERIES STORAGE LOCKERS AND TOWERS

Powered by Wesko

AIS

PUT YOUR LOCKERS ON LOCKDOWN.

Digital eLocks turn our Calibrate® Series Storage Lockers into safe, secure, possession-protecting machines. Manually or digitally, workers can access a locker, store their personal items, and even charge them with the optional USB port. It's like a personal storage unit, only way more sophisticated and technologically advanced.

- Plug adapters for each Wesko key series
- Easy, secure installation
- Motorized locking engagement with manual knob
- Powerful and easy administration with smartphone app
- Access with keypad or free Wesko Lock App
- Standard in Satin finish
- Standard with vertical mount (Horizontal available as special)
- Can be retrofitted onto existing AIS locks, if desired

Options

- Left, right and vertical installations
- Passcode operation: Multi use (e.g., company employee), single-use (e.g., hotel safe)

Managing eLocks — Admin Features

- eLock "tiles" show locked or unlocked state
- Dynamic battery meter
- "Find Me" pairing easily identifies eLocker on the app screen
- Program broadcast name for eLocks, including cabinet ID#, department, user name
- View list of active codes and add/delete users at any time
- Segment admin codes by any grouping (e.g., office, dept.)
- Access data log showing last 600 activities
- Invite user by email to a specific eLock (hoteling)
- Grand master user code — add/delete admin & perform factory reset

1 Year Limited Warranty Electronic Locks and Related Hardware

10-Port USB Charging Station

Rechargeable Lithium Polymer Battery

- 7,000 cycles or 6-9 months of usage
- Standard USB ports for emergency power jump and battery charging
- Charge with either a wired USB charger or mobile USB power pack
