

Make-A-Wish Foundation

Massachusetts and Rhode Island

Case Study

AIS

Industry:	Non-profit Foundation	Number of stations:	30
Location:	Boston, MA	Project Size:	15,000 sq ft

Company Overview & Project Needs

Make-A-Wish® Massachusetts and Rhode Island creates life-changing wishes for children with critical illnesses. Approximately 500 children in Massachusetts and Rhode Island are newly diagnosed with critical illnesses each year. The vision of Make-A-Wish is to grant the wish of every medically eligible child.

AIS has been a supporter of Make-A-Wish for numerous years and contacted the foundation to offer a full furniture donation for their new space.

The Results

For the new space, AIS donated Panel and Benching systems, Conference Tables, Private Offices, and a wide array of seating.

"AIS hopes that having a newly furnished office space will enhance the organization's mission to provide life-changing wishes in the lives of children with critical illnesses," AIS President and CEO Bruce Platzman said.

AIS Solutions

- Calibrate Series
- L Series Storage
- Natick, Devens, Upton Task Seating
- Pierce, Triad Side Seating
- LB Lounge and Volker Cubes

"With our quest to fulfill the wish of every eligible child, it was time to move to a larger space. AIS was the first donor to support this vision, enabling us to more deeply engage staff, volunteers, donors, partners, and the community in our wish granting. This transformational gift will guide our growth to the next level of impact in reaching more children,"

— Charlotte Beattie, CEO Make-A-Wish MA and RI

Make-A-Wish Foundation

Day-to-Day Flip-top tables with Triad Stack seating and LB Lounge

Calibrate Conferencing with Upton Seating
