COLLECTION

# MESA

## Stack It Up

The Mesa stacking chair features an all-metal, slim-profile frame and is designed for space-efficient stacking up to 8 high. The slightly slanted seat ensures water runoff while the back doubles as a handle for easy stacking and movement. Ideal for outdoor pavilions, indoor cafes and training rooms, the Mesa chair is built for year-round use.

Stacks 8 High

### Features

- Stacks efficiently to 8 chairs high
- Two step paint process: Electrocoating (e-coat) followed by marine-based powder coating ensures unmatched corrosion resistance, UV resistance and increased durability to protect against the elements of outdoor use — see price list for more information.
- Crafted with weather resistant materials to resist corrosion for year-round use in all climates
- Durable construction to endure weather and high traffic use
- Ideal for outdoor and indoor spaces
