COLLECTION

SEABOARD

A Modern Take on Classic Design

The Seaboard series offers a full line of dining tables with seating, plus lounge and ottomans – supporting diverse ways to dine, meet, and relax. High-Density Polyethylene (HDPE) slats provide the warm look and feel of wood without the maintenance, while a sleek wire frame adds a modern touch.

Features

- Two step paint process: Electrocoating (e-coat) followed by marine-based powder coating ensures unmatched corrosion resistance, UV resistance and increased durability to protect against the elements of outdoor use — see price list for more information.
- Crafted with weather resistant materials to resist corrosion for year-round use in all climates
- Durable construction to endure weather and high traffic use
- Ideal for outdoor and indoor spaces
- Weighted for outdoor use
