Stow Installation Instruction

Important Notice and Instructions:

- Don't use the stow chair unless the two 11mm 5M bolts are installed and securely fastened.
- Please check all bolts and other fasteners every six months. Make sure these are secured, tighten as needed.
- Please assure that the stow functions as intended before use. If needed, execute any fixes before use.
- Stow is designed and engineered for one occupant (only one occupant).
- Only use this product for its intended purpose, for one person to sit in.
- Failure to follow these instructions may cause injury.
