

Stow™

Side / Conference / Training Chair User Instructions

1. Free Float, Reclining Back:

Automatic back support adjustment based on your body contouring. Recline by gently leaning back in your chair.

Benefits of the Free Float / Reclining Back:

Proper back support allows you to maintain a natural and comfortable curvature of the back. Gentle seat reclining allows for maximum user comfort.

- 1. Free Float, Reclining Back
- 2. Flip Seat with Nesting Capabilities

2. Flip Seat allowing for with Nesting:

Grab the front of the seat and lift it up. To nest the chairs place the next chair in front of it against the folded seat.

Benefits of the Flip Seat with Nesting Capabilities:

Flipping the seat up and nesting the chairs allows for maximizing storage space.

3. Tablet Arm with Cupholder (Optional)

Right-handed tablet arm with cupholder folds away easily.
